Treatment of Incidental and Purge Waters at the Interim Measure Facilities

Sue G. Stiger, Director  
Environmental Restoration Management  
EG&G Rocky Flats, Inc.

By letter dated August 19, 1994, (copy attached), the Environmental Protection Agency (EPA) and Colorado Department of Public Health and Environment (CDPHE) have authorized us to use the interim measure water treatment facilities for Operable Unit (OU) 1 and OU 2 to treat incidental and purge waters as defined in 94-DOE-08056 (copy attached). We are, therefore, instructing you to treat incidental and purge waters within the limits of the acceptance criteria developed for the facilities and in quantities that do not exceed the rates outlined in 94-DOE-08056.

If you have any questions, please contact Brandon Williamson at extension 5276.
